# Our Mission

The Mississippi Department of Transportation's (MDOT) Office of Enforcement is responsible for enforcing laws and regulations related to commercial motor vehicles in an effort to reduce crashes, injuries and fatalities and to preserve the state's transportation infrastructure.

# Our Vision

MDOT's objective is to maximize taxpayers' dollars by providing a safe, efficient multimodal network which enhances economic stability and growth.

a career in enforcement

# Who are we?

MDOT's Office of Enforcement oversees the enforcement of both federal and state laws with partnerships between multiple local, state and federal agencies. Along with protecting the state's transportation infrastructure, MDOT Enforcement Officers further MDOT's efforts to reduce crashes, injuries and fatalities. MDOT's Office of Enforcement has 28 Commercial Vehicle Inspection Stations located throughout the state and approximately 90 patrol units that help keep the state's highways safe.

**We are looking for the best and brightest employees to ensure MDOT's continued success.**

## Responsibilities and Services

MDOT's Office of Enforcement is responsible for the enforcement of the commercial vehicle safety regulations set forth by federal and state laws, ensuring the safety of commercial motor vehicles and the general public traveling Mississippi highways. MDOT Enforcement is also responsible for issuing permits for overweight and oversized loads in order to keep Mississippi roads and bridges safe while facilitating economic growth and development across the state.

## Job Duties

- Enforcing state and local laws for the trucking industry.
- Inspecting vehicles in the trucking industry for safety.
- Maintaining the state's infrastructure by regulating the weight and size of loads.
- Seizing the transport of illegal drugs and contraband along state highways.
- Intercepting victims of human trafficking.
- Working closely with other enforcement agencies across the state.

## By the Numbers

- 156,787 permits issued
- 8,571 fines issued
- \$2.4 million collected in fines
- 48,413 inspections performed
- 6,669 vehicles put out of service for violations
